BOMBARDIER CHALLENGER 850

HEAVY, PRIVATE JETS

Bombardier Challenger 850 is a private jet with a cabin identical in size to the Global 6000. It has one of the largest, most productive, and comfortable corporate cabins available and offers excellent long-range flight performance with a range of 2800 nautical miles, cruise speeds of Mach 0.8 and and accommodating up to 14 passengers or 7 sleeping. Its interior is its most valuable asset, with a uniquely spacious environment to work or play. Its light and spacious cabin includes an aft and forward washroom, and generous food and drink preparation area. It is one of the most spacious aircraft among its counterparts but with much more economical performance, making it a fantastic option for large groups on shorter-range trips.
